

DO YOU HAVE TO COMPLETE COURSES & GRADES?

Courses & Grades is designed to allow students to self-report the classes they took in high school, along with the grades they received, as part of their Common App, **if a school on their My Colleges list requires it**. [Click here to see which schools require Courses & Grades](#).

HELPFUL TIPS:

- If no colleges on your My Colleges list require it, you do not need to complete Courses & Grades or answer any questions located in this section
- Have a copy of your transcript handy before getting started
- If you have any questions talk to your counselor or email our Solutions Center at appsupport@commonapp.net
