READY

Telling your story

How to approach the essay

The Common App essay instructions ask you what you want the readers of your application to know about you apart from courses, grades, and test scores. You have 7 prompts but endless possibilities to tell your story. Here are some ideas to inspire your thinking.

Think about

- Your community, environment, family, and culture
- What you're deeply curious about and how you spend your time
- What makes you proud
- People and experiences that have shaped your life

Ask yourself

- What's missing from the rest of my application?
- Is there context to help colleges understand who I am?

Think about

- All elements: big, small, personal, and societal
- Headlines found by family or friends that you inspired you
- Unresolved challenges you're still struggling with

Ask yourself

- How did I lose? How did I grow? How helped me?

READY

Cómo contar tu historia

Cómo abordar el ensayo

Las instrucciones para el ensayo de Common App te preguntan qué quieres que los lectores de tu solicitud conozcan de ti, aparte de las clases, las calificaciones y los resultados de las pruebas. Piensa en

- Tu comunidad, entorno, familia y cultura
- Lo que te inspira o una gran curiosidad y a qué dedicas tu tiempo
- Lo que te emociona
- Personas y experiencias que han marcado tu vida

Pregúntate

- ¿Qué falta en el resto de mi solicitud?
- ¿Hay algo concreto que ayude a los universitarios a entender quién soy?

Piensa en

- Las lecciones que aprendiste de los obstáculos que superaste
- Los desafíos que te inspiraron a ser quien eres hoy
- Los momentos de tu vida que te inspiraron a ser quien eres hoy
- Los desafíos que te inspiraron a ser quien eres hoy

Pregúntate

- ¿Cómo te ayudó? ¿Cómo crecí? ¿Cómo te ayudó?

Common App initiatives

- An expanded direct admissions program
- A new scholarship matching partnership
- Including community colleges that primarily award Associate's degrees in our membership

Scholarship matching

In partnership with Scholarship America and the National Scholarship Providers Association, our scholarships program connects students with scholarship opportunities they're eligible for based on their Common App data, helping scholarship partners better reach and serve underrepresented students.

Our scholarship matching pilot successfully drove student action on financial aid opportunities

In close partnership with Scholarship America, Common App piloted in-app scholarship matching in 2023–24.

The pilot drove

2x

Increase in application rates of students with high financial need to participating scholarship partners

18%

Increase in first generation applicants to participating programs

\$4.8 million

Awarded to students with high financial need

We greatly expanded our scholarship matching program in 2024–25

Added a **new partnership** with the National Scholarship Providers Association

Expanded scholarship matching to students **across the United States**

Enabled students to **match before submitting** a college application

	2023–24		2024–25
Students reached	89K	➤	1.5M
Median matches per student	2	➤	14
Scholarship programs	4	➤	1,646

Scholarship matching experience

Who can match?

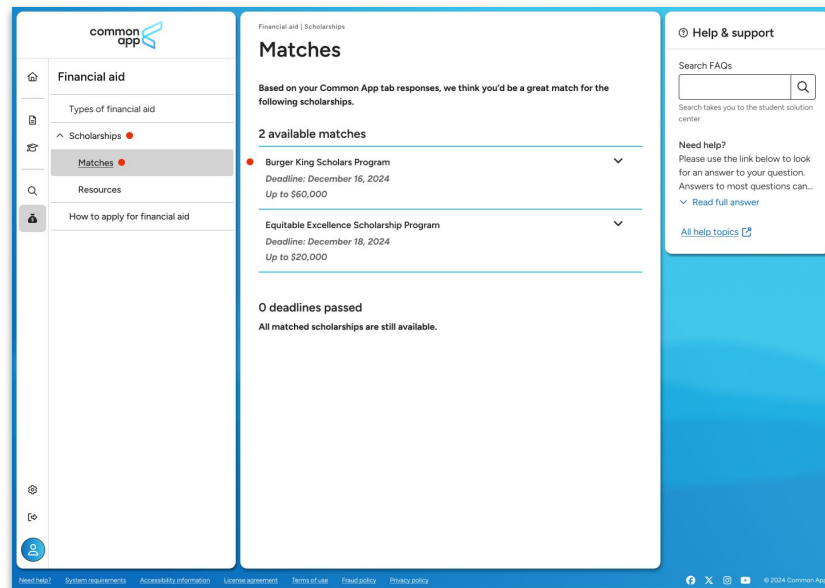

Students who have a permanent address in the United States can match. Students in Colorado can opt in on account creation.

How do students match?

1. After creating a first-year account, students should complete the profile, education, and activities sections of their Common App
2. Students will be notified of matches in the Scholarships section
3. Students can apply for programs on the scholarship providers' sites

What types of programs will students see?

Students may match with opportunities offered by private scholarship providers or state grant programs. Some programs are national, while many are local.

Engagement continues to be strongest among first-generation, low-income students

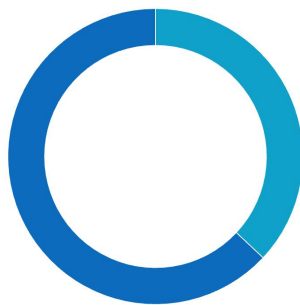

32%

Of **all students** who matched acted on at least one opportunity

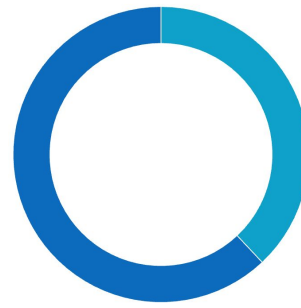

37%

Of **first-generation students** who matched acted on at least one opportunity

38%

Of **below median income students** who matched acted on at least one opportunity

The future of scholarship matching

We're exploring opportunities to provide an even stronger student experience with scholarships, including:

- Displaying more information about opportunities, like requirements
- Matching based on additional criteria to connect students with more programs
- Providing students with tools to manage their matches and find the strongest fits
